## Audit and Assurance Services

Our commitment to deliver high-quality Audit and Assurance services is at the heart of what we do. We provide comprehensive services designed to deliver real value and underpin investor confidence through the following:

- **Financial Statements Audit**
- **Regulatory Compliance**
- **Financial Investigation and Dispute Management**

## Internal Audit Services

In an expanding risk landscape, Internal Audit has emerged as a critical lever for change. An effective, insightful Internal Audit function provides confidence to leaders that their organizations can meet the demands of changing environments. Managing risk, monitoring controls, enhancing security, and improving corporate governance are core internal audit responsibilities. We work with audit executives, management, and audit committees at companies, and provide the following services:

- **Conducting the Internal Audit and relevant reporting**
- **Working with an existing internal audit function to supplement the team**
- **Management audit to establish facts with necessary independence**

## Accounting and Tax Services

Chartered accountants, cost accountants, and tax experts at Endurance Management Consultancy provide Accounting Services to ensure that your books of accounts are properly maintained. We also provide Tax Advisory and support in respect of Value Added Tax. Specifically, our services include:

- **CFO Services**
- **Accounting outsourcing to manage accounts receivables, payables, fixed asset register, general ledger**
- **Management reporting and MIS development**
- **Payroll processing in a confidential and efficient manner**
- **VAT advisory and support**

## Financial Advisory Services

You need expert level of insight, handling and advice while buying or selling businesses to reach your vision. We help you make more informed decisions while doing a transaction. At Endurance Management Consultancy, we have experience, a deep understanding of local market and business trends, and can help you in following areas:

- **Valuation of business**
- **Financial Feasibility studies**
- **Due diligence when you buy and sell any division or business**
- **Business set-up advisory**

## Business Incorporation and Services

Your requirements are unique when it concerns your new business. So, why would you select the same old setup package been sold to everyone else by hundreds of service providers? Talk to us about your business licensing needs.

We are able to customize your total package to fit your individual needs. From locating a reliable business sponsor and arranging office space to issuing the trade license and ensuring you are completely established and ready to do business, we will be there to hold hands with you.

- **Commercial Trading License (LLC)**
- **Professional Practice**
- **Industrial Company**
- **Branch or Representative Office**
- **Free zone Companies**
- **Offshore companies**

We can also provide the entire range of document clearance and PRO services for all new setups and license renewals. You can get all your company's establishment documentation through our services.

## ERP & Accounting Software

Our independent ERP consultants are here to help you on improving the business process by leveraging technology. We work on the best interest of our clients. We add value by providing honest and unbiased feedback on your business requirement and recommend the right solution to solve business problems. Improve process efficiency and thus maximize the profit.

- **Scrutinizing the right vendor, Value Proposition, Business Requirement Analysis**
- **Recommending the right solution based on your business requirement**
- **Maximizing the existing ERP benefits with MIS reporting, cloud migration, integration and bug fix**
